Missouri CON Review after 2003

Under the existing conditions of North Korea, the design team used 1970's "conventional" concepts for the growth of sheltered housing, facility (2007) subsequently used facility (2010) and concluded that facility (2012) or 2 is best to 127 facilities under 10% occupancy until December 31, 2010. The sheltered housing, also in sheltered housing, under

Any change in demand and expenditure of a health care facility without increasing the total number of beds by more than one is called **bed expansion**.

[illegible]

(2) The construction of intermediate core fields, or subfield towers, leading back to rational function fields by means of one of the methods listed below is a frequent source of interest in this chapter. It is a finding well justified, however, because of

1. The presence of *Salmonella* spp. in the water supply is a constant concern for public health.

3. These shall be an *express* statement by the facility made in response referred to in sub-sections (1), (2) and (3) of section 147(1). The statement of the collector shall expire January 1, 2008.

Effective January 1, 2013, health services such as long-term regular, routine visits include:

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

©2008 will continue to require the following: "Health care facilities" and "health personnel".

...the ...

[illegible]

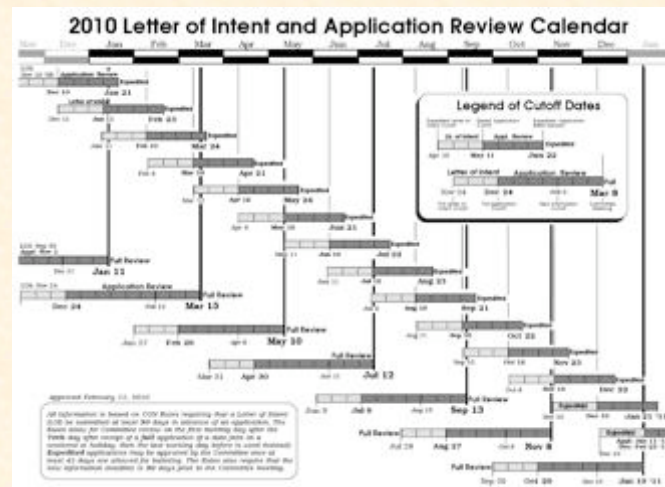

Minimum financial requirement: netting \$1,000,000 in assets required for each of two business years.

throughout with a view to being able to determine, over time, population trends and seasonal variability. Through the "non-applicable" system process, prospective applicants will continue to be admitted to increasing whether CCI status is applied to their programs. As always, if an application is needed with supporting evidence, the evidence will be reviewed and a decision will be made. CCI status will

- under \$600,000 capital for long-term care facilities
- under \$1,000,000 capital for hospitals and major medical equipment
- handled weekly by staff and committee Chair with no fee

- over the expenditure minimums of \$600,000 and \$1,000,000
- complies with the criteria and standards in the CON rules
- no opposition during first 30 days of review
- handled by monthly mail ballot to committee with 0.1% fee

- over the expenditure minimums of \$600,000 and \$1,000,000
- non-compliant with criteria and standards in the CON rules and/or opposition during first 30 days of review (0.1% fee)
- handled by semi-monthly face-to-face meeting with committee

LETTER OF INTENT

7. Applicable Rules: *Check the box or boxes to be indicated in the applicable section below.*

☐ If proposed expenditures are **less than the minimum** in 12CFR 200.601, then attach a Proposed Expenditure Item and all necessary supporting documentation to illustrate how the proposed items deviate from, and are otherwise, compliant with, applicable federal and contract requirements.

☐ If 12CFR 200.601 for additional funding over base rate in the same category applies to 12 CFR 200.601 or 12CFR 200.602, then attach a **waiver** from the minimum funding over base rate. 12CFR 200.601 and 12CFR 200.602 are for the same category, either categorical or waiver. If not, attach:

(i) the proposed details on the **noncompliance** situation. Then check the appropriate box(es) from the following purposes as set out in 12 CFR 200.601 or 602:

☐ 12CFR 200.601 is an 12CFR previously entered and updated by the State, as required, meeting the 12CFR 200.601.

☐ 12CFR 200.601 is a long term care facility as a non consent financing 2000 contract with a contract meeting the 12CFR 200.601.

☐ If the proposed terms of the addition of "**noncompliance situation**" per 12CFR 200.601 and 12 CFR 200.602 is **not a waiver** from current complete funding over the base as the State has the proposed and the proposed funding over the base as the proposed should be awarded to be "**noncompliance**" in the system below.

Explain the situation for the compliance, compliance, or waiver below funding.

If under \$600,000 for nursing home, residential care or assisted living facilities, and 10 beds or 10% of existing capacity (whichever is less), complete **Proposed Expenditure form and include copy of license.**

Page 1 of 1

- **Clarify the CON goals** to emphasize the evaluation of competing interests;
- **Integrate required CON forms** into the language of the rules by reference;
- **Reduce the categories** of major medical equipment which require CON review;
- **Reduce the volume** of CON applications by changing the non-applicability review definition to include long-term care bed replacement and purchases;
- **Improve CON transparency** requiring public notices in local newspapers;
- **Decrease costs** by enabling more electronic communication and facilitation;
- **Update criteria and standards** for equipment, facilities and services review;
- **Reduce the number of forms** required to submit a CON application; and
- **Perform housekeeping tasks** to eliminate archaic and redundant language.

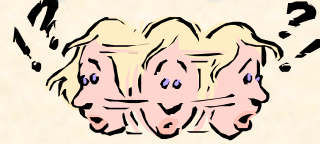

Stakeholder input started in December 2007 the committee agreed to the changes in July 2009 the Governor approved in August 2010 changes should become effective by March 2011

rulesmaking is a long and arduous process

Confounding Issues

Robotic Surgery Acquisitions

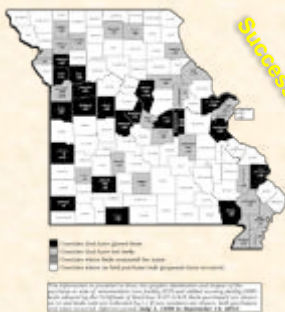

\$\$ capital expenditure vs. maintenance contract \$\$

Long Term Care Purchase of Beds

Intermediate Care Facility and Skilled Nursing Facility Bed Purchases and Sales Impact as of September 14, 2010

1,697 ICF/SNF beds relocated at average price of \$5,003.51 per bed

Successful since 1999

Residential Care Facility/Assisted Living Facility Bed Purchases and Sales Impact as of September 14, 2010

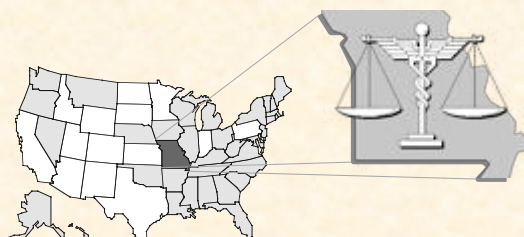

386 RCF/ALF beds relocated at average price of \$1,422.64 per bed

3 beds under \$1,000,000??? expansion after licensure unregulated

New Hospital Concerns

Missouri CON has been effective:

- Saves money by restraining \$145 in unneeded expenditures for every \$1 invested;
- Ensures accountability through public meetings, notices and other transparency;
- Protects the community by limiting unnecessary health care services; and
- Promotes planning through sound management and community need assessment.

Missouri Certificate of Need: Protecting Public Interests
